

Fond du Lac Outcropping Stone

Color Choices

Create focal points with dramatic impact

The beauty and dimension offered by natural landscape stone is unmatched. Fond Du Lac's quarried outcropping stone is mined in Wisconsin and is available in a variety of colors and textures to make every project unique.

Outcropping stone is pallet sized and ranges in thickness, width and lengths.

Characterized by naturally quarried, irregular-slab form, outcropping stone is often used for dramatic landscape accents.
